

# ScanPal™ EDA51K Series

---

Mobile Computer powered by Android™

## Quick Start Guide

## Out of the Box

Make sure that your shipping box contains these items:

- ScanPal Mobile Computer  
(Model EDA51K-0 or EDA51K-1)
- Rechargeable 3.8 V Li-ion Battery
- Wall Charger with Plug Adapter
- USB cable Type C to Type A
- Regulatory Sheet

If you ordered accessories for your mobile computer, verify that they are also included with the order. Be sure to keep the original packaging in case you need to return the mobile computer for service.

**Note:** *EDA51K-0 models do not include a WWAN radio.*

## Memory Card Specifications

Honeywell recommends the use of Single Level Cell (SLC) industrial grade microSD™ or microSDHC™ memory cards with ScanPal mobile computers for maximum performance and durability. Contact a Honeywell sales representative for additional information on qualified memory card options.

# Mobile Computer Features

## Install a microSD Card (Optional)

**Note:** Format the microSD card before initial use.

**Note:** Always power off the computer before attempting to install or remove a card.

## Install a Micro SIM Card

Only EDA51K-1 (WWAN) models support micro SIM card use for cellular phone features.

**Note:** Always power off the computer before attempting to install or remove a card.

## Install the Battery

The EDA51K ships with a Li-ion 3.8 V battery manufactured for Honeywell International Inc.

**We recommend use of Honeywell Li-ion battery packs. Use of any non-Honeywell battery may result in damage not covered by the warranty.**

**Ensure all components are dry prior to placing the battery in the computer. Mating wet components may cause damage not covered by the warranty.**

## Charge the EDA51K

The EDA51K mobile computer ships with a partially charged battery. Charge the battery with an EDA51K charging device for a minimum of **4.5 hours**. Using the computer while charging the battery increases the time required to reach a full charge.

**We recommend the use of Honeywell accessories and power adapters. Use of any non-Honeywell accessories or power adapters may cause damage not covered by the warranty.**

EDA51K mobile computers are designed for use with the following EDA51K charging accessories: Charge Base, Quad Battery Charger and Wall Charger with USB Cable.

For information about accessories, see the ScanPal EDA60K/ EDA51K Series Enterprise Mobile computer Accessories Guide at [www.honeywellaidc.com](http://www.honeywellaidc.com).

**Ensure all components are dry prior to mating the computers and batteries with peripheral devices. Mating wet components may cause damage not covered by the warranty.**

## USB Charge Cable

The USB cable provides two options for charging the EDA51K.

### Option 1: Charging From a Power Outlet

Use the USB cable with the provided Wall Charger to charge the battery from a power outlet. Use only a UL Listed power supply that has been qualified by Honeywell with an output rated at 5VDC and 2A with the device.

## Option 2: Charging From a USB Port on a Host Device

## Turn Power On/Off

The first time you power on the computer, a Welcome screen appears. You can either scan a configuration barcode or use the Wizard to manually set up the computer. Once setup is complete, the Welcome screen no longer appears on startup and Provisioning mode (see page 17) is automatically turned off (disabled).

To turn the computer on:

- Press and hold the **Power** button for approximately 3 seconds, and then release.

To turn the computer off:

1. Press and hold the **Power** button until the options menu appears.
2. Touch **Power off**.

**Note:** *You should always power off the computer before removing the battery.*

## Sleep Mode (Screen Timeout)

Sleep mode automatically turns the touch panel display off and locks the computer to save battery power when the computer is inactive for a programmed period of time.

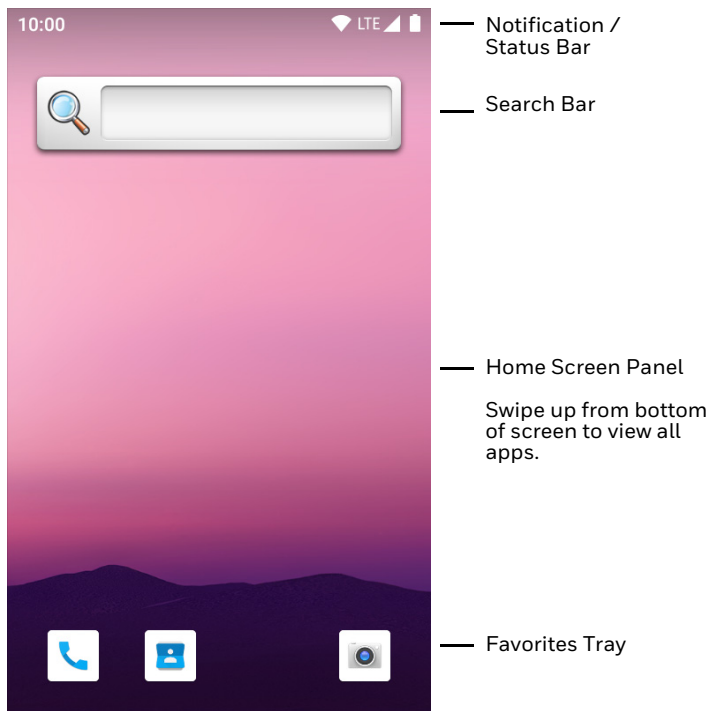

- Press and release the **Power** button to wake the computer.

## Adjust the Screen Timeout

To adjust the amount of time before the display turns off after inactivity:

1. Swipe up on the Home screen.
2. Select **Settings** > **Display** > **Advanced** > **Screen timeout**.
3. Select the amount of time before the display turns off.

## About the Home Screen

## Navigation and Function Buttons

For button locations, see [Mobile Computer Features](#).

Button	Description	
	Back	Return to the previous screen.
	Home	Return to the Home screen.
	Recent Apps	View and switch between recently used apps.
	Scan	Left, right and front scan buttons to trigger the barcode scanner.
	Volume	Raise (+) or lower (-) the active speaker volume.

## About Provisioning Mode

After completing the out-of-box set up process, Provisioning mode is automatically turned off. Scanning a barcode to install applications, certificates, configuration files, and licenses on the computer is restricted unless you enable Provisioning mode in the Settings app. To learn more, see the user guide.

## Scan a Barcode with the Scan Demo

For optimum performance, avoid reflections by scanning the barcode at a slight angle.

1. Swipe up on the screen to access all apps.
2. Select **Demos** > **Scan Demo**.
3. Point the computer at the barcode. The scanner window is on the top of the unit. See [Mobile Computer Features](#) on page 2).
4. Touch **Scan** on the screen or press and hold any Scan button. Center the aiming beam over the barcode.

The decode results appear on the screen.

**Note:** *In the Scan Demo app, not all barcode symbologies are enabled by default. If a barcode does not scan, the correct symbology may not be enabled. To learn how to modify the default app settings, see the user guide.*

## Sync Data

To move files between your EDA51K and your computer:

1. Connect the EDA51K to your computer using a USB type C cable.
2. On the EDA51K, swipe down from the top of the screen to see the notifications panel.
3. Select the Android System notification twice to open the options menu.
4. Select either **File Transfer** or **PTP**.
5. Open the file browser on your computer.
6. Browse to the EDA51K. You can now copy, delete, and move files or folders between your computer and EDA51K as you would with any other storage drive (e.g., cut and paste or drag and drop).

**Note:** *When Provisioning mode is turned off, some folders are hidden from view in the file browser.*

## Restart the Mobile Computer

You may need to restart the mobile computer to correct conditions where an application stops responding to the system or the computer seems to be locked up.

1. Press and hold the **Power** button until the options menu appears.
2. Select **Restart**.

To restart the computer if the touch panel display is unresponsive:

- Press and hold the **Power** button for approximately 8 seconds until the computer restarts.

**Note:** *To learn about advanced reset options, see the user guide.*

## Support

To search our knowledge base for a solution or to log into the Technical Support portal and report a problem, go to [www.hsmcontactsupport.com](http://www.hsmcontactsupport.com).

## Documentation

Product documentation is available at [www.honeywellaidc.com](http://www.honeywellaidc.com).

## Limited Warranty

For warranty information, go to [www.honeywellaidc.com](http://www.honeywellaidc.com) and click **Resources** > **Product Warranty**.
